

Ultrawide Screen China

Xiamen Harine Techonology Corporation Limited

Founded in 2007,Xiamen Harine Technology Corporation Limited has become a professional designer and manufacturer of vehicular electronics products in Xiamen, Fujian Province, China. Harine has passed the ISO/TS16949:2009 Quality System Certification. We have been assessed as a National Hi-tech enterprise specialized in the design, production and sales of vehicular LCD&LED monitor, vehicular audio & video system, rear view system, mobile DVR system and so on.

With the advantage of long-period experience in vehicular products, powerful R&D team, good team sense and efficient and effective production, Harine sells the products to all over the world and has been approved to be the first choice in the field.

Presently, our factory covers an area of 3,000 square meters, has about 200 employees and 80 million RMB turnover in 2016.

We firmly believe that quality is the most important. Most of our products have been CE Certificated, FCC Certificated or E-mark approved.
